There's Only One Boat and Tote—Ours

From the heavyweight canvas to the double-stitched seams, nothing compares to our iconic Maine-made tote.

Boat and Tote

A, B. Built for the long haul.

Introduced as Bean's Ice Carrier back in 1944, the original Boat and Tote was billed as a bag made of builders' canvas for hauling ice "from car to ice chest." We're proud to say we still handstitch each tote here in Maine, with a double-layer base for extra durability. Crafted from American-made cotton canvas. Choose Regular or Long handle length. **Made in Maine. Monogrammable.**
